Bharat Economic Forum

Jul 2025 - Present

Frontend Developer Intern

- Identified and fixed bugs across multiple pages of the organization's websites, improving functionality and user experience
- Enhanced UI/UX design for improved responsiveness and modern user experience, leading to increased user engagement
- Collaborated closely with the developer committee using VS Code to ensure uniformity and visual consistency across all industry-related pages, enhancing brand coherence
- Contributed to real-world project improvements using HTML, CSS, and basic React, enhancing project functionality and user interface

Skills

TailwindCSS node.js next.js Angular Git&Github API's
JavaScript/TypeScript MongoDB Vue.js Generative AI

Projects

1. TravelHub – Modern Travel Booking Website (Full Stack project), Agra

15/08/25 – 20/08/25

Tech Stack: TypeScript, JavaScript, React.js, Tailwind CSS, Next.js, MongoDB, REST API's, 3D Components

- Developed a **responsive** travel booking platform with **modern 3D UI**.
- Implemented **bus, train, flight, and hotel** booking system with **seat selection feature**.
- Added **user authentication** (login/signup) for personalized experience.
- Built a scalable **frontend architecture**, prepared for future backend integration.
- Used **Tailwind CSS** for modern design and **TypeScript** for type safety and maintainability.

2. PC Wallahh - Ecommerce Website (Full Stack Project), Agra

02/07/25 – 08/07/25

Tech Stack: TypeScript, JavaScript, React.js, Tailwind CSS, Next.js, MongoDB, REST API's

- Designed and developed a complete **e-commerce website** independently within one day.
- Implemented **backend** functionality including **user authentication**, product and order handling.
- Connected the website to a functional **database** for storing user, product, and transaction data.
- Focused on **clean UI/UX**, mobile responsiveness, and real-world functionality.
- Gained hands-on experience in end-to-end **full-stack development**.

3. Personal Portfolio Website, Agra

01/07/25 – 02/07/25

- Designed and developed a fully responsive personal portfolio to showcase technical skills, projects, and professional experience.
- Implemented a clean, user-centric interface with a mobile-first approach to ensure optimal viewing on all devices.
- Structured the layout to effectively present key information, including an "About Me" section, project showcases, and contact details.
- Utilized modern front-end technologies like HTML5, CSS3, and JavaScript to build a dynamic and visually appealing personal brand platform.

Certifications

- **Full Stack Web Development By Hitesh Chaudhary:** Udemy (2024)
- **Mastering Generative AI and Chat GPT By Sahil Garg:** GeeksforGeeks (2025)
- **React JS Complete Course By Prakash Narsingrao Sakari:** GeeksforGeeks (2024)
- **Complete Data Science, Machine Learning, DL, NLP Bootcamp By Krish Naik:** Udemy (2024)

Languages

- English (Professional Proficiency)
- Hindi (Native Proficiency)
