- **Soft Skills:** Communication, Teamwork, Time Management, Problem Solving

- **Currently Learning:** Full-Stack Development, VB.NET, Android, Gen
- **Interests:** Web Design & Technology, Exploring new tools & platforms, Building real-world projects, Generative AI, Machine Learning

Projects

Personal Portfolio Website

Feb 2024 - Feb 2024

- Designed and developed a fully responsive portfolio site showcasing my skills, projects, and contact information
- Implemented clean design and mobile-first layout

Student Result Management UI

Mar 2024 - Mar 2024

- Created a basic web interface where students can input their details and view mock results
- Designed clean forms and table structure

Weather Info Web Page (API Integration)

Apr 2024 - Apr 2024

- Created a simple weather page that fetches real-time weather data using a public API
- Practiced asynchronous JavaScript and JSON handling

Digital Clock Web App

Jun 2024 - Jun 2024

- A real-time digital clock with styled layout, using JavaScript's Date object
- Practiced DOM manipulation

Ecommerce Website (Full Stack Project)

Aug 2025 - Aug 2025

- Designed and developed a complete e-commerce website independently within one day
- Built the frontend UI from scratch using modern responsive design principles
- Implemented backend functionality including user authentication, product management, and order handling
- Connected the website to a functional database for storing user, product, and transaction data
- Focused on clean UI/UX, mobile responsiveness, and real-world functionality
- Gained hands-on experience in end-to-end full-stack development

Certifications

- **Full Stack Web Development By Hitesh Chaudhary:** Udemy (2025)
- **Mastering Generative AI and Chat GPT By Sahil Garg:** GeeksforGeeks (2025)
- **React JS Complete Course By Prakash Narsingrao Sakari:** GeeksforGeeks (2025)
- **Complete Data Science, Machine Learning, DL, NLP Bootcamp By Krish Naik:** Udemy (2025)

Languages

- English (Professional Proficiency)
- Hindi (Native Proficiency)
